How to Revise:

Step One: Make Flash Cards:

A flashcard usually has a question on the front and an answer on the back.

On the right is a QR code which can be scanned to show you what flash cards are, how to make them **and** how to use them, but there are some outlines below:

1. Turn the information in the core knowledge booklet into a question.
2. Write a short answer on the back – make sure it isn't too long or it will be more difficult to remember it.

Another example of how to use them is below:
